## Mounting

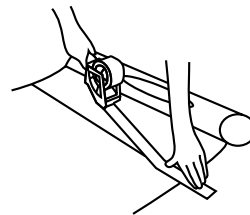

Adhesive or clamp profile.

1.

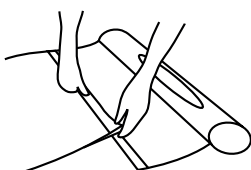

Open and insert the graphics into slot of the top profile. Secure it by closing the profile. Make sure to apply enough pressure to assure secure mounting.

3.

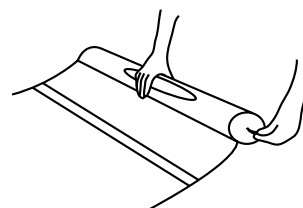

Important! Apply thin packing tape over the joint.

2.

Remove the protective liner of the semi permanent tape. Mount the image with the picture facing up. To assure the best result, please follow the line carefully

4.

With one hand firmly holding the image, remove the locking pin with the other. Please note that the product is now activated and should therefore be handled with care.
